Base Ball Troubles.

They Are Thoroughly Discussed by the League.

BOTH CONVENTIONS ADJOURN.

Several Important Resolutions Passed by the League Before Adjournment—Interview With A. G. Spalding on the League Prospects.

NEW YORK, Nov. 16.—The National League convention of base ball clubs adjourned yesterday afternoon to reconvene on January 23 at the Fifth avenue hotel. The entire time of the last day's session was taken up with the Brotherhood question. John L. Rogers said that it was a notorious fact that a number of players reserved by the League clubs had declared their intentions of violating said reserve notwithstanding notice by their respective clubs of said reserve and of the latter's option to renew the usual form of contract with such players for the season of 1890. Also, that the opinion of eminent counsel had been received affirming the legal and equitable rights of League clubs under said contracts, to the services of their reserve players for the season of 1890. Mr. Rogers then offered the following:

RESOLVED, That this League hereby declare that it will aid each of its club members in the enforcement of the contract rights of such clubs to the services of its reserved players for the season of 1890, and that a committee of three be appointed by the League, with full power to act and to formulate and carry out the best methods of enforcement of said contract rights of said clubs, and that said committee be authorized to draw upon the guarantee fund of the League such amount as may be necessary to carry out the intent and purpose of this resolution.

This resolution was adopted unanimously and Messrs. Rogers, Byrne and Day appointed as such committee.

Mr. Spalding then presented the following:

RESOLVED, That no League club shall, from this date, enter into, negotiate or contract with players not under League reservation, or enter into negotiations with any club for the transfer of any of its players until Feb. 1, 1890.

RESOLVED, That a committee of three be appointed to be designated as the negotiation committee, of which the president of the League shall be chairman, to which shall be referred all applications from players desiring positions on League teams, as well as applications from club members of the National agreement, wishing to dispose of the release of their players.

RESOLVED, That the chairman of the committee shall be the exclusive channel through which such applications and negotiations can be conducted by the National League or any of its clubs, and said committee shall ascertain the terms upon which any such release can be procured or such contract executed.

RESOLVED, That all League clubs, in order to secure the services of such players, will indicate to the chairman the positions to be filled and the names of the players wanted, and upon the unanimous vote of said committee a contract may be executed between a club and any player so approved and promulgated in the usual manner.

RESOLVED, That the committee by its unanimous vote be authorized to draw from the guarantee fund of the League such funds as may be necessary to carry out the purpose of the resolution, to be repaid to said fund by the clubs benefited thereby.

This was also adopted, and Messrs. Young, Byrne and Beach appointed as the negotiation committee.

The convention then adjourned.

After the League meeting adjourned, A. G. Spalding, president of the Chicago club, was interviewed on the situation. He said he was perfectly satisfied with the legislation and work of the meeting, and, with the addition of Brooklyn and Cincinnati, he considered the League stronger now than it ever was. The increase of the bond to be given by each club to \$25,000 not only insures the financial responsibility of the league, but is a guarantee to the players that any contract made between a League club and a player can be enforced by the player. The League, by the abolition of the "sales" system and the classification rule, and by the payment of \$250 to Sutcliffe, has given the players more than they asked for; all of which carries out my promise to Mr. Ward, that the matters referred to in our Juda conference could safely be entrusted to the League for a fair consideration and settlement.

In answer to a question as to what the policy of the League would be toward their succeeding players, Mr. Spalding said that no one could speak definitely for the League, but his personal idea was that if the players persist in their "conspiracy" and show in some more substantial way than by empty threats that they really intend to carry their scheme in operation, he had no doubt the League clubs would make every possible effort to enjoin the players from playing in any other organization. Mr. Spalding said it was the opinion of some of the most prominent lawyers of the country that such an injunction will hold.

"In case the injunctions are not obtainable, what then?" was asked.

"In that event," he replied, "there will be nothing left for the League to do but to expel all the players who enter into the conspiracy, which will practically mean their retirement from professional base ball, which would make their rebellious scheme a failure. I have too high a regard," continued Mr. Spalding, "for the rank and file of the League players to believe that they will be led into such a dangerous experiment by a few hotheaded Anarchists, urged and abetted by a few enthusiastic, long-chance capitalists, whose only

possible interest in the matter, according to their own statements, is the amount of money they hope to realize out of it."

The American Association.

NEW YORK, Nov. 16.—Shortly before 1 o'clock the American association took a recess for an hour and the proceedings of the morning were made public. After the election of Mr. Phelps as president, C. Born, Jr., of the Columbus club, was made vice-president and the following committees were elected: Board of directors—Athletics, Baltimore, Columbus and St. Louis; Finance committee—Columbus, Athletic and St. Louis; Schedule committee—Athletic, St. Louis and Louisville; Committee on playing rules—Baltimore, Athletics and Louisville; Committee on arbitration—Zach Phelps, of Louisville; W. H. Whittaker, of the Athletics, and J. J. O'Neil, of the St. Louis club.

Committee on umpires—Baltimore, Athletics and St. Louis.

There was very little done at the afternoon session. The matter of applications from clubs for membership was referred to the finance committee—Messrs. Whittaker, Lazarus and Von der Ahe—for consideration and final action. Manager Barnie, of the Baltimore club, was added to the committee for this special work.

The revision of the constitution was referred to Messrs. Phelps, Whittaker and Barnie, who were instructed to report as soon as possible.

The convention adjourned at 4:30.

THE NAVASSA RIOTERS.

Eighteen of Them Brought Into Court and Plead "Not Guilty."

BALTIMORE, Nov. 16.—Eighteen of the Navassa rioters were arraigned in the United States court yesterday under five separate indictments, in which all were charged either as principals or abettors with the murder of five white bosses Mahon, Foster, Fabs Marsh and Shea on Navassa Island, on Sept. 14. The names of the accused are: George S. Key, Charles H. Smith, James H. Robinson, James Phillips, Edward Francis, James Johnson, Alfred Brown, Moses Williams, Edward Woodfork, Edward Smith, Henry Jones, Charles H. Davis, Stephen Peters, James Tasker, Norman Wooster and Amos Lee.

Key is charged as the principal in the murder of Mahon, Henry Jones and Fisher as principals in the murder of Foster, Alfred Jones and Smith as principals in the murder of Fales, Edward Smith as principal in the murder of Marsh, and Charles H. Smith, Davis and Peters as principals in the murder of Shea.

All the others are charged as aiders and abettors and accessories before the fact in all the murders. Each man, as he was asked to plead, responded, "Not guilty." Judges Bond and Morris were on the bench, the district attorney, Thomas G. Hayes, representing the government. The counsel for the defense is constituted of six lawyers. The case of Key will be taken up on Tuesday next, being first called for trial.

Effects of the Flood.

LOCK HAVEN, Pa., Nov. 16.—The evil effects of the June flood of the health of the people of this city and adjacent river towns are beginning to appear. The flood left a heavy deposit of foul mud everywhere, from which the germs of disease have emanated all summer, vitiating the blood, and undermining the health of the people. In this city alone 1,000 cases of malarial and typhoid fever have developed during the last two or three weeks, while at Farrandsville, Wayne, Pine, North Point, Mill Hall and other places, a large proportion of the residents are sick. Several deaths have occurred.

Accident on the Rail.

WASHINGTON, Nov. 16.—A special to The Evening Capital, from Alexandria, Va., says: Two freight trains on the Virginia Midland railroad collided at Rissman branch, opposite Bull Run battlefield, killing Engineer Eager, of Madison Run, and Fireman James Murphy, of Springfield, and fatally wounding Fireman Evans, of Alexandria. Several traumata narrowly escaped by jumping. One train was running in two sections, and the accident was caused by the other mistaking orders. The cars were badly wrecked.

Boy Burglars.

AKRON, O., Nov. 16.—The police have just captured a gang of six boys, aged from 10 to 14, who have been carrying on systematic thefts and burglaries about the city for months. Among their booty was a horse, which one of them kept in a coal shed, a wagon, buggy, harness, whips, coal, blankets, and a whole house full of property. Their last job was burglarizing a shoe store.

A Strange Coincidence.

NEW ORLEANS, Nov. 16.—Fire yesterday destroyed all the buildings on the square bounded by St. Andrew, Franklin, Liberty and Josephine streets, except the German Lutheran church. Loss, \$30,000; insurance, \$20,000. Ten years ago an exactly similar fire occurred, the little church alone being spared.

Murderer Arrested.

HARRISBURG, Pa., Nov. 16.—Charles Carter, alias Gibson, colored, who shot and killed John Mathews, another colored man, at Johnstown on the night of Nov. 4, was arrested here and taken to Johnstown.

Only a Light Sentence for the Crime.

NEW YORK, Nov. 16.—Gottlieb Saltus was yesterday convicted of an outrageous assault on a 3-year-old baby, and sentenced by Judge Cowing in the general sessions to ten years in state prison.

Valuable Discovery.

HALIFAX, N. S., Nov. 16.—The discovery of a new coal bed is reported from North Sidney. A well known expert claims that there are 10,000,000 tons in the seams.

Farmers' Congress.

Proceedings of the Third and Last Day.

PROTECTIVE RESOLUTIONS.

A Lengthy Discussion on the Tariff Question—The Convention to Meet Next Year in Iowa—Delegates Adjourn and Start on an Excursion to New Orleans.

MONTGOMERY, Ala., Nov. 16.—The national farmers' congress met at the usual hour, with nearly all the delegates present. Among the resolutions passed was one favoring schemes for improving the Mississippi and the Missouri rivers, and for a ship canal across Illinois, connecting the Mississippi and Lake Michigan. The farmer's institute was in session and National aid recommended, and a National board of agriculture demanded. Chicago was endorsed over St. Louis as a place for the world's fair.

Considerable discussion was occasioned by the introduction of the following resolutions:

RESOLVED, That, while congress maintains the policy of a protective tariff, we demand that all farm products shall be as fully protected as the most favored of the manufacturing industries.

RESOLVED, That, while as now, a protective tariff is maintained which substantially protects importations of foreign carpets and many other articles of manufactured goods, we demand that the duties on mutton, sheep and wool of all kinds shall be so increased as to equally prohibit the importation of mutton, sheep and wool of every kind which can, under protection, be sufficiently produced at fairly remunerative prices in the United States to supply all American wants, including the better class of carpet wools, especially as carpets, at luxuries, are entitled to less favor than farm and ranch products.

RESOLVED, That the tariff on wool imported to make carpets should at least be as high as that imported to make coats.

RESOLVED, That if protection to this extent be denied, we will call upon the farmers of the United States to assert their power at the ballot-box, and otherwise to right the wrongs and injustices of discrimination against them. If they fail in this, the wool and mutton producing industries will be so seriously crippled that they will be, in a large measure destroyed, and the farmers will no longer have any interest in protection for the manufacturers of woollen goods, but will insist that they shall have no larger measure of protection than is accorded to the wool industry, including any kind of wool.

RESOLVED, That the farmers of the United States are not called upon to support the nomination of any man for president, senator or representative in congress, who will not to his utmost ability, aid in carrying out the objects of the foregoing resolutions.

RESOLVED, That we favor commercial treaties which accept silver as legal tender money, as well as gold, and against those which denounce metallic silver.

The following was presented as a minority report:

RESOLVED, By the Farmers' congress of 1889, that we demand of our senators and representatives in congress from our respective states, that they shall use their best efforts to reduce the tariff to a strictly revenue basis, and that when practicable it shall be removed from the necessities of life and placed upon the luxuries.

RESOLVED, That the following was presented as a minority report:

RESOLVED, By the Farmers' congress of 1889, that we demand of our senators and representatives in congress from our respective states, that they shall use their best efforts to reduce the tariff to a strictly revenue basis, and that when practicable it shall be removed from the necessities of life and placed upon the luxuries.

RESOLVED, That the farmers of the United States are not called upon to support the nomination of any man for president, senator or representative in congress, who will not to his utmost ability, aid in carrying out the objects of the foregoing resolutions.

RESOLVED, That the majority and all were entirely satisfied with the case, so far as it related to the prisoners.

"Everyone of them will hang," he added. "Yes, Beggs too. I know that there is feeling that the case made out against Beggs is weak, and perhaps it is not so strong against the others, but it will answer."

IMPORTANT COALITION.

The Knights of Labor and the Farmers' Alliance will federate, it is predicted.

ATLANTA, Ga., Nov. 16.—The federation of the Knights of Labor with the Farmers' alliance is a foregone conclusion. This was shown when Col. L. F. Livingston appeared before the National convention yesterday and stated the aims and object of the Alliance over which he presided. It was shown conclusively that the ends for which both orders are working are identical, and it was asserted that together they could form an irresistible power, and what each singly is obliged to obtain for united they could obtain.

Mr. Powderly's speech showed that he is thoroughly in sympathy with the federation talk, and that he will urge some plan upon both orders. No important action was taken, however.

Children Burned to Death.

WATERBURY, Conn., Nov. 16.—David, the four-year-old son, and Kitty, the two-year-old daughter of Robert Hennessy, of Danbury, were playing with the fire in their home on Beaver street yesterday afternoon, while the mother was hanging clothes in the yard. Both were burned so badly that they died almost immediately.

Epidemic of Diphtheria.

IRON MOUNTAIN, Mich., Nov. 16.—Thirty schools have been closed on account of an epidemic of diphtheria. There are about forty cases and there have been several deaths; one case proved fatal in twelve hours and the disease seems to be of a very malignant form.

Jeff Davis' Troubles Old Age.

NEW ORLEANS, Nov. 16.—Mr. Jefferson Davis is a passenger on the steamer Leathers. She passed Bayou Sara at 6 p.m. and will arrive here about noon. He is only suffering from general debility.

A TREATISE ON OVERCOATS

◇**GOOD READING MATTER** For those in need of an elegant Top-Coat at BOTTOM figures: Our advertisement in Saturday's BULLETIN did just what we knew it would do—it brought us lots of Overcoat customers, notwithstanding the mildness of the weather. *Somehow, people will believe what we advertise!* In fact the rush for them was so great that we actually have since been in the market for fresh purchases. We secured this week from one of the largest manufacturers of Fine Clothing in New York, a big lot of

Fine Satin-Lined Chinchilla and Fur-Beaver Overcoats,

which we pronounce the most luxurious and elegant garments ever brought to this market. They were bought *right* and we are going to sell them *right*. We will make a display of them in front of our store during the coming week. There are just 98 of them, and the price is \$8.00 to \$18.50. They are intrinsically worth from \$12 to \$26. We want you to stop and look at them; the goods and prices will interest you. Respectfully,

Our entire stock of millinery will be sold in the next ten days, regardless of cost. It consists of birds, fancy feathers, wings, ribbons, velvets and everything in millinery line. Call early and secure bargains. 14d6t M. B. NILAND.

For the Ladies.

Having just received a large invoice of millinery from three of the leading houses in the East, we are prepared to offer our patrons some rare bargains in hats, birds, feathers, ribbons, etc. Some of these are job lots which we are selling at less than wholesale cost. Don't miss this opportunity, ladies, but call early today. d2t ANNA M. FRAZAR.

Thanksgiving Services.

It has been the custom of the two Methodist churches, the two Presbyterian churches, the Christian Church and the Baptist Church of this city to unite in the observance of Thanksgiving. In these services the different churches alternate in furnishing the house of worship and the preacher. In accordance with this custom, the Thanksgiving services this year will be held in the First Baptist Church and the discourse will be delivered by Rev. J. E. Wright, pastor of the Methodist Episcopal Church, South.

Pugh Brothers Pardoned.

Governor Buckner on Thursday granted a pardon to Elihu S. Pugh and his brother, Joseph R. Pugh, who were sent to the penitentiary from Fleming County in May, 1888, for ten years, on a charge of committing a rape on Fanny Barnett. The Governor's indorsement on the petition reads as follows:

"On statements of judicial and prosecuting officials, and all the Justices of the county concurring in the opinion, that facts developed since the trial of these parties showing the bad character of the witness, and the belief of the signers in the innocence of the prisoners, a pardon will be issued in their cases."

ABSOLUTELY • RELIABLE • FOOTWEAR

In the way of Fine Shoes we show this season--the handsomest and best lines made, representing more styles and combinations than was ever before offered in Maysville. Special attention is called to our LADIES' WALKING SHOES, made by the Goodyear Welt process. Equal to hand-work in appearance and finish--superior for comfort and flexibility, perfectly smooth innersoles, without nails, tacks, or threads--and much lower in price. With soles just the proper thickness to prevent moisture or cold from penetrating--often obviating the necessity of rubbers in damp weather--still not stiff or clumsy, but easy to "break in." These come in all shapes and widths, and in qualities to suit the purse of all. REVOLUTION IN BRAZIL.

If Reports Are True Our Coffee Market Will Soon Be Booming.

New York, Nov. 14.—Charles R. Flint and company, South American merchants of this city, have received the following cablegram from their correspondents in Rio Janeiro:

"A revolution has broken out here. The Brazilian armies are in control. The ministry have resigned. The revolution is for the purpose of forming a republic."

A dispatch was also received by Messrs. Hard & Raud reading:

"Revolution has broken out here. The Brazilian armies are in control. The ministry has resigned. One minister shot. Attempt is to establish republic."

Messrs. Arbuckle Brothers received a dispatch similarly worded, as did also Messrs. Joseph J. O'Donaghue & Sons.

These dispatches were all dated Rio Janeiro and were received about 4 o'clock in the afternoon just after the coffee exchange had closed. The report came like a clap of thunder to the various coffee dealers throughout the city who were made acquainted with it last night, and if a confirmation is received is likely to be productive of a serious panic in the exchanges.

Mr. Joseph J. O'Donaghue says: "We received information about a year ago in our correspondence from Brazil, of a rumored uprising of the slaves in various parts of that country, but nothing more was heard of it, and since then the news from Rio has been of a most cheerful character. The new coffee crop in Brazil is almost ready to be harvested, and the supply on the market here is consequently limited. If a revolution has broken out and the ports of Rio Janeiro and Santos are blockaded, 75 per cent of the coffee supply of this country will be cut off."

Mr. William Crossman said: "If the report is true, coffee is likely to advance to hitherto unheard of figures. The blockading of Brazilian ports would also cut off more than three-fourths of the entire India rubber supply, and compel the shutting down of nearly all the immense rubber good manufacturing concerns in the United States, as the supply on hand at present is not sufficient to last two weeks."

Coffee suddenly advanced thirty or thirty-five points yesterday, and there were reports of an unexpected shortage in the crop. There was considerable excitement on the coffee exchange, and transactions in the closing hour were unusually large.

It is suspected that the advance was really due to buying by certain brokers who had inside information in regard to the revolution in Brazil.

Know Nothing of It in Washington.

WASHINGTON, Nov. 16.—The Brazilian minister said yesterday evening that he had received no information from his government with regard to the reported revolution in Brazil. Since he left Brazil in July last he had heard considerable about the great strength of the republican party in Brazil, but in his opinion its strength was greatly overrated in this country. At the last election, which was perfectly free and open, only a few republicans were returned. While it was possible great changes had taken place in the affairs of Brazil in the last three or four months, he did not think it at all probable that the situation had taken the turn indicated by the cablegram. There might, however, have been some ministerial trouble which had given rise to the reports of a revolution.

Nipped in the Bud.

DENVER, Col., Nov. 16.—Bill Moore, William Coleman and Dan Crowley, have been arrested for a plot to rob the express car from Argo, which every Monday morning brings to this city about \$5,000 worth of money and bullion from the Colorado smelting works there. Bill was switchman at Argo and originated the plot, but it was frustrated by Union Pacific railroad detectives. Moore claims to have been with the James boys in various bank robberies.

Fire on Shipboard.

SAN FRANCISCO, Nov. 16.—The cargo of the steamer Hawaii, just loaded for Honolulu, was badly damaged by fire yesterday. The cargo was a valuable one, being intended for the Honolulu Christmas trade. The exact loss is not yet learned. The vessel had to be sunk on the Mud Flats in order to extinguish the flames. Her cargo, which was valued at \$25,000 will probably be a total loss. The loss is well covered by insurance.

Mysterious Death of an Unknown Lady. ST. LOUIS, Nov. 16.—About 10 o'clock last night the body of a woman well dressed and with every appearance of belonging to the best class of society, was found at the entrance of Shaw's garden. The woman had a bullet hole through her head and it is a case of supposed suicide. So far there is no clue to her identity except a ring with the letter "H." The police are investigating.

A Chance for Settler.

ARKANSAS CITY, Kans., Nov. 16.—Considerable of a flurry in real estate circles is created in this city at present, owing to the fact that an English syndicate, with capital stock of \$6,000,000, has taken an option upon 3,000 acres of farm lands lying between this city and the Cherokee strip. The people here think it augurs an early opening of the strip settlement.

Will Also Try to Beat Fogg's Record.

NEW YORK, Nov. 16.—The Times says: Another female writer, Miss Elizabeth Bisland, started overland for San Francisco Friday night with the intention of travelling around the world in an opposite direction to that taken by Miss Bly. She will leave San Francisco for Yokohama on Nov. 21, and expects to reach New York City in seven-and-a-half days.
